

How to use the EdIndex Housing Stock Interactive Map

The [interactive map](#) shows where the [EdIndex partner landlords](#) own stock in Edinburgh, broken down by postcode.

The tool bar at the top will help you to navigate the map.

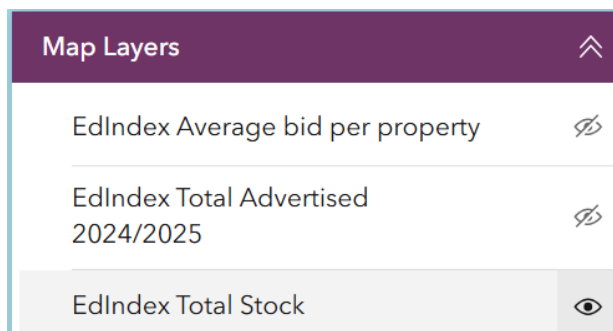

The icon allows you to choose which information you would like to look at.

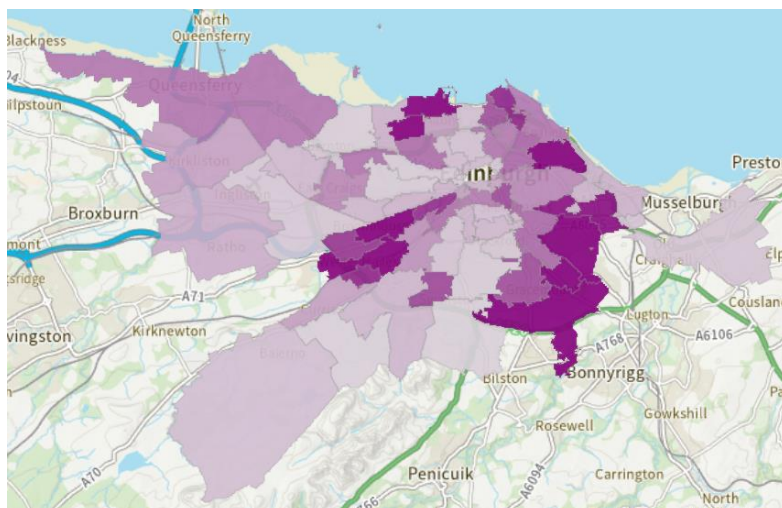

There are three options: **Average bid per property**, **Total Properties Advertised** and **Total Stock Owned**.

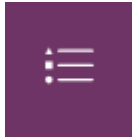

To select an option, click on the eye icon. The option you would like to see should be the only option without a line through it. In the example below we are looking at EdIndex Total Stock as it is the only eye that is visible. The other two options have lines through the eyes.

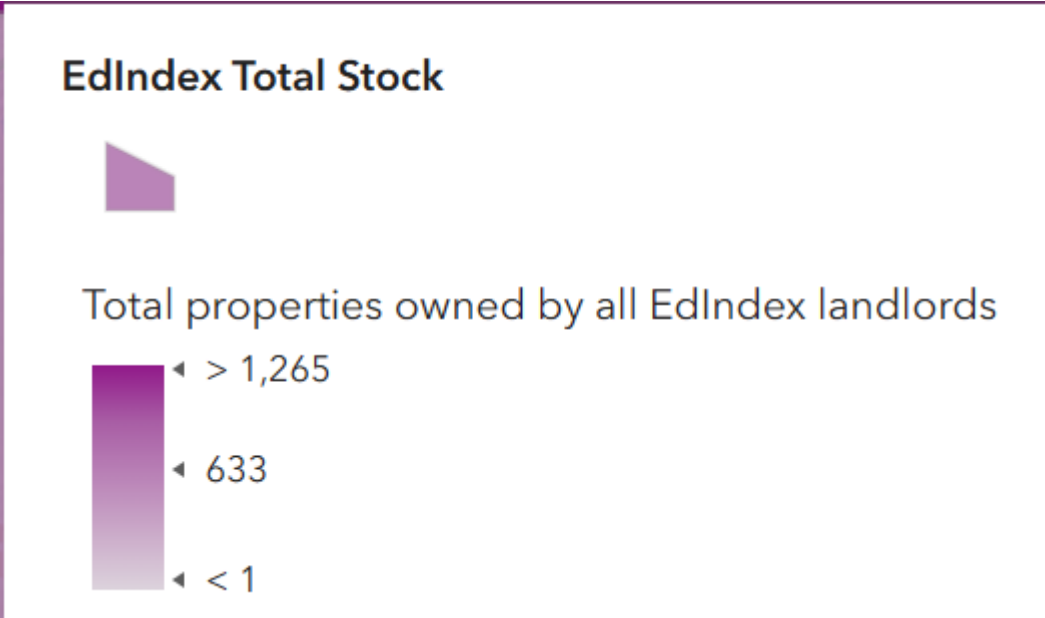

Each option is coloured differently. EdIndex Total Stock is highlighted in **purple**.

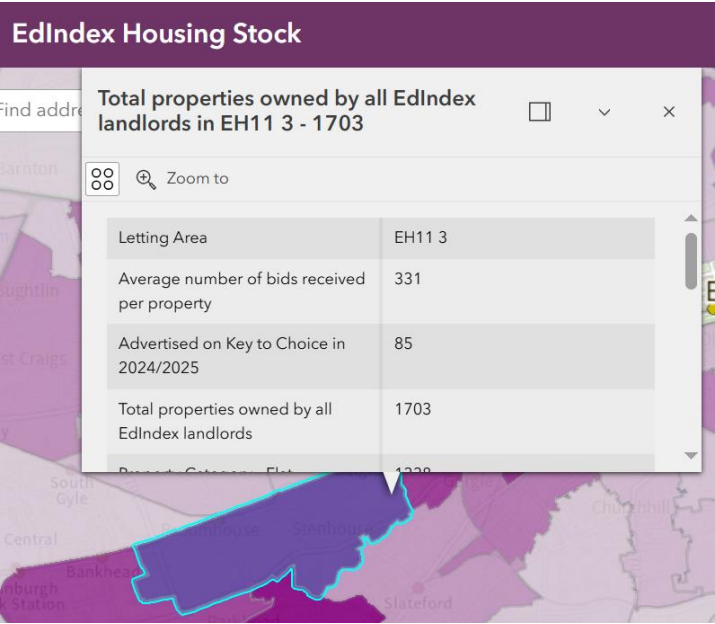

The icon on the top of the page will show you what the lighter and darker colours mean.

To find out further information about a specific postcode, click on the correct area of the map and the information will appear:

Key:
